The Arab Nurses Day 2021

“From Making the History to Designing the Future”

EHS celebrated on the 3rd of November softly **The Arab Nurses Day**

2021 as it was the UAE flag day as well by sending thanks and gratitude message to the frontline heroes , and wishing them all the best , this day was announced by The Technical Advisory Committee on Nursing and Midwifery - to the Council of Arab Health Ministers

Testimonies

Dr. Sumaya Al Balooshi,

Head of the National Committee for Nursing and Midwifery Affairs, ENA president, EHS Nursing Director

“This declaration comes in recognition of the nurses extended role and a way to appreciate them and I would like to extend my sincere thanks and gratitude to all the nursing staff for their efforts in providing the best nursing services that guarantee patients’ happiness and contribute effectively to ensuring the patients quality of life.”

Dr. Nabila Al-Mir

Vice President of Continuing Health Care at Hamad Medical Corporation and Head of Nursing Affairs at the Ministry of Public Health in Qatar

“I was pleased to choose a day to celebrate the Arab Nursing and Midwifery Day, which is November 3 of each year, and to share this joy with my colleagues in all Arab countries, in order to enhance our communication and exchange of experiences as members of the health sector and to appreciate the efforts of nursing and midwifery practitioners because of its great impact on their giving, continuous.”

Dr. Muhammad bin Gharamallah Al-Ghamdi Director General of Nursing Affairs Department Ministry of Health - Kingdom of Saudi Arabia

“The growing international and regional recognition of the great humanitarian role of the profession of nursing and midwifery in the health care system is evidence of their vital role in health services and a call to increase investment in the workforce of nursing and midwifery cadres. November “Arab Nursing and Midwifery Day” to continue to enhance their role and an opportunity to thank the heroes who have devoted their lives to impacting the lives of many with giving, professional commitment and safe, specialized clinical care..”

Dr. Kawthar Mahmoud

General Syndicate of Nursing - Arab Republic of Egypt Senator Adviser to the Minister of Health for Nursing Affairs World Health Organization Nursing Consultant

“Arab Nursing Day is a significant day in the history of Arab nursing to celebrate the distinguished members of the nursing staff at the level of the Arab world for their efforts and giving towards citizens, whether sick or healthy. Upgrading the Arab Nursing System Undoubtedly, nursing has done well during the face of the Corona crisis worldwide, and has proven to be the first line of defense for health and the White Army, which lasted for days, or even months, at the service of patients by providing health services in hospitals and community service from education and health awareness that reached homes. In the hamlets and villages, and the giving continues”

NEWS AND UPDATES

International Nurses Day Celebration

The Emirates Health Services (EHS) paid tribute to its nursing staffs across the country in recognition of their sacrifices and dedication to providing highly professional and humane healthcare services that made the difference in the effective response of the country to the Covid-19 pandemic.
